Dear Colleagues,

Please see the message below from DeZee, Kent J COL USARMY HQDA OTSG (USA), Beckman, William A CAPT USN BUMED FCH VA (USA), Forgione, Michael A Col USAF (USA), and Maurer, Douglas COL USARMY HQDA OTSG (USA).

The new dates for the Joint Services Graduate Medical Education Selection Board (JSGMESB) is 7-11 Dec 2020. Materials may be submitted as late as 5 Nov 2020. Results will be published on/about 6 Jan 2021.

The Services will allow HPSP students from civilian medical schools to rotate at MTFs, starting on/about 1 Jul 2020. It is up to each site when students can rotate, based on their local conditions. Some sites may require a quarantine or a restriction of movement (only allowed to go to the hospital, hotel, and food) for 14 days.

We have heard that some schools may not permit students to rotate with us. We much prefer that students do rotate with us (it is part of their development as medical officers). Those that don’t, however, will have the same opportunity to compete for a residency position at the selection board as those that don’t rotate with us.

Sincerely,

Kent J. DeZee, MD MPH FACP
COL, MC

The GSA Committee on Student Affairs (COSA) will be meeting with military residency programs representatives. If you have any questions you would like the committee to consider addressing during this upcoming conversation, please send your questions to COSA@aamc.org.

Thank you, Irena
